Thank you to my family for their continual support of my pursuing my passion.

Special thanks to Brett Lucas for his talent and vision that brought these songs to what they are on this cd.

Thank you to Jim Kissling for his pleasant manner, and dedication to quality (like that late night piano tuning) and to Brett, Todd, Chuck, James, Bob, Christina, Nathaniel and Julian for their fantastic musical performances on this record.

Also, thank you to Alice Pierce for vocal development, to my friends Scott Eddy and Alicia Alvin for their creative input and support, and to Robin Frederick and Alan Roy Scott for their songwriting coaching, instruction and encouragement.
